

At ASM Global we are closely monitoring the latest developments regarding the Coronavirus (COVID-19) globally and any potential impact it may have on our day-to-day operations. The health and safety of our guests and employees is our top priority. Through public health organizations such as, the Center for Disease Control (CDC) and the World Health Organization (WHO) we are staying abreast of the latest updates and developments as they occur. Any actions we take will be consistent with guidelines from these agencies and local health department officials.
